

EMILIE ARMAZZA

ABOUT

Emilie has been involved in immersive entertainment and the film industry since 2016. From administration and website design to starring as a main character in the Brevard Renaissance Fair, she is no stranger to the inner workings of immersive experiences.

She's been involved in multiple film productions in a variety of roles including Casting Director, 1st Assistant Director, Assistant to the Producer, Music Clearance, Actress, and everything in between.

Most recently she was an integral part of the core team for a local immersive event in which she assisted with story development, scenic design, logistics and operations, and also held the role of Director of Character Development - leading actors from auditions through end of show performances.

In her daily life, she runs logistics, customer relations, scheduling, and more as Chief Operations Officer of Escape Room Videos.

SKILLS AND SPECIALTIES

With her previous technical experiences being in project management, team building, logistics, quality assurance, procurement, and similar, she has a truly balanced and problem solving approach to the unique challenges creating immersive worlds brings.

Emilie's diverse background encompasses a wide range of adventures, giving her a myriad of skills that makes her an irreplaceable addition to any team. Her passion for visual and immersive storytelling is what drives her to bring ideas to reality.
